

HOMEOWNER COALITION

Three Candidates to Change the County's Direction

April 20, 2014

Post Road Committee
for Proper
Development

The Challenge: Increase the amount of control homeowners have in Forsyth County by electing three candidates this May 20th. Elect homeowner centric candidates who do not have ties to special interest groups.

The Reason: If Sheri Gilligan and Michael Williams had been our Legislators (versus Hamilton & Murphy), neither the Castleberry Sham (\$12 million to widen a road with no traffic) nor District Voting (where 3 commissioners you cannot vote for make zoning & other decisions in your district) would have occurred.

We believe it is time for a change in Forsyth County. Gilligan, Williams, and Commissioner Levent share the homeowners' concerns about growth, taxation, Common Core, traffic, crowded schools and cronyism. More importantly, each has the talent and vision to turn the ship in the right direction and stand up for the homeowner.

The Candidates: Here is an introduction to the candidates supported by the Homeowner Coalition. Please mark your calendar for May 20 and share this info with your friends and neighbors.

- **Sheri Gilligan:** District 24, State House of Representatives www.votegilligan.com
